EXAMINER'S AMENDMENT

1. As a preliminary matter, applicant elected group II, claims 13-19 and 26-29 while adding, by amendment, claims 20-23 to this group of claims. Further, applicant traversed the restriction but because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)).
2. Additionally, the instant amendment has two claims numbered as 38 with the following claim order 37, 38, 38, 39 (last claim). These claims will be renumbered under rule 126 to be 37, 38, 39 and 40. Therefore the second claim 38 is now 39 and the original claim 39 is now claim 40.
3. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the Claims:

Claims 1-12 are canceled;

4. The following is an examiner's statement of reasons for allowance:

The closest prior art is Reilly (US 5938970). Reilly '970 discloses a water treatment composition which is a polynucleate metal hydroxide anionic compound having a trivalent and a divalent metal ion and a divalent anion portion as part of its composition. The divalent anion portion can be among other things selenate (SeO_4^{-2}) [col. 3, lines 42+]. The use of this composition would place an unknown amount of selenate in a water system. Reilly '970 fails to disclose a process as recited in independent claim 13 including making an aqueous phase which contains 5- 10000 micrograms of selenium per liter, mixing the composition with water to be purified and removing any coagulated impurities from the mixture by any suitable separation process.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Thomas M. Lithgow whose

telephone number is 571-272-1162. The examiner can normally be reached on Mon. -Fri..

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Duane Smith can be reached on 571-272-1166.
